What does it mean to be powered by purpose? ...to be part of a purpose-driven organization? ...to work with a team of people who understand the meaning in addition to the metrics?

Purpose is the glue for an organization and the fuel for an individual. Today's organization can't rely on old practices. A new organization is emerging and at the center of its driving force is the igniting power of purpose.

- Companies with ideals of improving people's lives at the center of all they do outperform others by 400%¹
- More than 70% of people consider an organization's environmental and/or social impact when deciding where to work²
- Employees that feel they are working towards a good cause show increased productivity by up to 30 percent³
- People who are able to make a social or environmental impact on the job are more satisfied by a 2:1 ratio²
